This Prospectus is to be read in conjunction with all the documents which are incorporated herein by reference.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Joint Bookrunners (as defined in “Subscription and Sale” below) to subscribe or purchase, any of the Bonds. The distribution of this Prospectus and the offering of the Bonds in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Joint Bookrunners to inform themselves about and to observe any such restrictions. The Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”). Subject to certain exceptions, the Bonds may not be offered or sold within the United States or to, or of the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (“Regulation S”)). For a description of certain restrictions on offers and sales of Bonds and on distribution of this Prospectus, see “Subscription and Sale”.

No person is authorised to give any information or to make any representation not contained in this Prospectus and any information or representation not so contained must not be relied upon as having been authorised by or on behalf of the Issuer or the Joint Bookrunners. Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that the information contained in it or any other information supplied in connection with the Bonds is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

To the extent permitted by law, each of the Joint Bookrunners accepts no responsibility whatsoever for the content of this Prospectus or for any other statement in connection with the Issuer.

The Joint Bookrunners have not separately verified the information contained in this Prospectus in connection with the Issuer. None of the Joint Bookrunners makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Prospectus in connection with the Issuer. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer and the Joint Bookrunners that any recipient of this Prospectus or any other financial statements should purchase the Bonds. Each potential purchaser of Bonds should determine for itself the relevance of the information contained in this Prospectus and its purchase of Bonds should be based upon such investigation as it deems necessary. None of the Joint Bookrunners undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Bonds of any information coming to the attention of any of the Joint Bookrunners.

Certain of the Joint Bookrunners and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Joint Bookrunners and their affiliates may have positions, deal or make markets in the Bonds, related derivatives and reference

obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Joint Bookrunners and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Joint Bookrunners or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Joint Bookrunners and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds. Any such positions could adversely affect future trading prices of the Bonds. The Joint Bookrunners and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

See “Risk Factors” below for certain information relevant to an investment in the Bonds.

In this Prospectus, unless otherwise specified, references to a “Member State” are references to a Member State of the European Economic Area, references to “EUR” or “euro” or “€” are to the single currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended.

*In connection with the issue of the Bonds, Société Générale (the “**Stabilising Manager**”) (or any person acting on behalf of the Stabilising Manager) may over-allot Bonds or effect transactions with a view to supporting the market price of the Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager (or any person acting on behalf of the Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 calendar days after the Issue Date and 60 calendar days after the date of the allotment of the Bonds. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager (or any person acting on behalf of the Stabilising Manager) to the extent and in accordance with all applicable laws and regulations.*

Chief Financial Officer

pursuant to a corporate decision dated 20 November 2015 in Paris

on 25 November 2015

In accordance with Articles L.412-1 and L.621-8 of the French *Code monétaire et financier* and with the General Regulation (*Règlement général*) of the AMF, in particular Articles 211-1 to 216-1, the AMF has granted to this Prospectus the visa no. 15-604 on 25 November 2015. This Prospectus has been prepared by the Issuer and its signatories assume responsibility for it. In accordance with Article L.621-8-1-I of the French *Code monétaire et financier*, the visa has been granted following an examination by the AMF of "whether the document is complete and comprehensible, and whether the information in it is coherent". It does not imply that the AMF has verified the accounting and financial data set out in it and the appropriateness of the issue of the Bonds.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Bonds are also described below.

The Issuer believes that the factors described below represent the risks inherent in investing in the Bonds, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Bonds for other reasons. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any document incorporated by reference herein) and reach their own views prior to making any investment decision.

I – Risks Factors related to the Issuer

Please refer to the Section “Documents Incorporated by Reference”, on page 10 of this Prospectus.

II – Risks Factors related to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

The Bonds may have no established trading market when issued, and one may never develop. The fact that the Existing Bonds are outstanding and are admitted to trading on Euronext Paris should not be taken as an indication that an established market in such Bonds exists. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds in the secondary market in which case the

market or trading price and liquidity may be adversely affected or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Bonds bear interest at a fixed rate. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Bonds due to any withholding as provided in Condition 5(b), the Issuer may redeem all outstanding Bonds in accordance with such Terms and Conditions.

In addition, the Issuer has the option to redeem all (but not some only) of the outstanding Bonds as provided in Condition 5(c) of the Terms and Conditions of the Bonds. If the market interest rates decrease, the risk to Bondholders that the Issuer will exercise its right of early redemption increases. As a consequence, the yields received upon such early redemption may be lower than expected, and the redeemed face amount of the Bonds may be lower than the purchase price paid for such Bonds by the Bondholder where the purchase price was above par. As a consequence, part of the capital invested by the Bondholder may be lost, so that the Bondholder in such case would not receive the total amount of the capital invested. However, the redeemed face amount of the Bonds may not be below par. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than such redeemed Bonds.

Market value of the Bonds

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a holder of Bonds will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Change of Control

Exercise of Change of Control Put Option provided in Condition 5(d) in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such option is not exercised.

Depending on the number of Bonds in respect of which the Change of Control Put Option is exercised, any trading market in respect of those Bonds in respect of which such option is not exercised may become illiquid.

Modification, waivers and substitution

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders and holders of the Existing Bonds to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders and holders of the Existing Bonds including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Credit Rating may not reflect all risks

The Bonds have been assigned a rating of BBB by Standard & Poor's Ratings Services. The rating assigned by the Rating Agency to the Bonds may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Bonds. A rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the Rating Agency at any time.

Change of law

The Terms and Conditions of the Bonds are based on the laws of France in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws of France or administrative practice after the date of this Prospectus. Furthermore, the Issuer operates in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "Assembly") in order to defend their common interests if a preservation procedure (*procédure de sauvegarde*), an accelerated preservation procedure (*procédure de sauvegarde accélérée*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Bonds) regardless of their governing law. The Assembly deliberates on the proposed preservation plan (*projet de plan de sauvegarde*), proposed accelerated preservation plan (*projet de plan de sauvegarde accélérée*), proposed accelerated financial preservation plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Bonds) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convoke the Assembly.

The procedures, as described above or as they will or may be amended, could have an adverse impact on holders of the Bonds seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

Potential conflict of interest

Certain of the Joint Bookrunners and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Joint Bookrunners and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Joint Bookrunners or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Joint Bookrunners and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds to be issued hereunder. Any such short positions could adversely affect future trading prices of Bonds to be issued hereunder. The Joint Bookrunners and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Bonds. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisors are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Bonds.

A Bondholder's effective yield on the Bonds may be diminished by the tax impact on that Bondholder of its investment in the Bonds.

EU Savings Directive

Under Council Directive 2003/48/CE on the taxation of savings income (the "**Savings Directive**"), Member States are required, subject to certain conditions to be met, to provide to the tax authorities of other Member States details of payments of interest or similar income made by a paying agent located within their jurisdiction to, or for the benefit of, an individual resident in that other Member State or certain limited types of entities established in that other Member State.

For a transitional period Austria is required (unless during that period it elects otherwise or unless the relevant beneficial owner elects for the Disclosure of Information Method) to operate a withholding system in relation to such payments. The rate of this withholding tax is currently 35 per cent.

A number of third countries and territories have adopted similar measures to the Savings Directive.

The Council of the European Union has adopted Council Directive 2011/16/EU on administrative cooperation in the field of taxation (as amended by Council Directive 2014/107/EU), pursuant to which Member States will generally be required to apply new measures on mandatory automatic exchange of information from January 1, 2016.

In order to avoid overlap between the Savings Directive and the Council Directive 2011/16/EU (as amended), the Council of the European Union has adopted Directive 2015/2060 on 10 November 2015 repealing the Savings Directive from January 1, 2016 (January 1, 2017 in the case of Austria) (in each case subject to transitional arrangements). The recitals to the Directive also provide that EU Member States will not be required to implement Council Directive 2014/48/EU which would, if implemented, have amended the Savings Directive

Prior to the repeal of the Savings Directive becoming effective, if a payment under the Bonds were to be made by or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment pursuant to the Savings Directive as amended from time to time or any law implementing or complying with, or introduced in order to conform to, such Directive, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax. Investors should inform themselves of, and where appropriate, take advice on, the impact of the Savings Directive on their investment. See also “Taxation - EU Savings Directive”.

Financial Transaction Tax

On 14 February 2013, the European Commission adopted a proposal for a Council Directive (the “**Draft Directive**”) on a common financial transaction tax (“**FTT**”). According to the Draft Directive, the FTT shall be implemented and enter into effect in eleven EU Member States (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Spain, Slovakia and Slovenia; the “**Participating Member States**”).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Bonds should, however, be exempt.

Pursuant to the Draft Directive, the FTT shall be payable on financial transactions provided at least one party to the financial transaction is established or deemed established in a Participating Member State and there is a financial institution established or deemed established in a Participating Member State which is a party to the financial transaction, or is acting in the name of a party to the transaction.

Joint statements issued by Participating Member States indicate an intention to implement the FTT by 1 January 2016. However, based on a recent communication by the EU Commissioner for Economic and Financial Affairs, Taxation and Customs, this deadline is unlikely to be met.

The Draft Directive is still subject to negotiation between the Participating Member States and therefore may be changed at any time. Moreover, once the Draft Directive has been adopted (the “**Directive**”), it will need to be implemented into the respective domestic laws of the Participating Member States and the domestic provisions implementing the Directive might deviate from the Directive itself. Prospective holders of the Bonds should consult their own tax advisers in relation to the consequences of the FTT associated with subscribing for, purchasing, holding and disposing of the Bonds.

Interest will be calculated on an Actual/Actual (ICMA) basis. If interest is required to be calculated for a period of less than one year, it will be calculated on the basis of a day count fraction which will be calculated by taking the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).

5 Redemption and Purchase

The Bonds may not be redeemed otherwise than in accordance with this Condition 5.

Unless previously redeemed or purchased and cancelled as provided below, the Bonds will be redeemed by the Issuer at their principal amount on 31 March 2023 (the “**Maturity Date**”).

(b) *Redemption for Taxation Reasons*

(i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after 27 November 2015, the Issuer would on the occasion of the next payment due in respect of the Bonds, not be able to make such payment without having to pay additional amounts as specified in Condition 7 below, the Issuer may on any Interest Payment Date, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 10, redeem all, but not some only, of the outstanding Bonds at their principal amount provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law or regulation from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional

amounts contained in Condition 7 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days' prior notice to the Bondholders in accordance with Condition 10 redeem all, but not some only, of the Bonds then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds without withholding for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) *Redemption at the option of the Issuer*

(i) Pre-Maturity Call Option

The Issuer may, at its option, from (and including) 31 December 2022 to (but excluding) the Maturity Date, subject to having given not more than 30 nor less than 15 calendar days' prior notice to the Bondholders in accordance with Condition 10 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at their principal amount together with accrued interest up to (but excluding) the date fixed for redemption.

(ii) Make-whole Redemption by the Issuer

The Issuer may, subject to compliance with all relevant laws, regulations and directives and to having given not more than 30 nor less than 15 calendar days' prior notice to the Bondholders in accordance with Condition 10 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at any time prior to their Maturity Date (the "**Make-whole Redemption Date**") at an amount per Bond calculated by the Calculation Agent equal to the greater of:

- (a) 100 per cent. of the principal amount of the Bonds; and
- (b) the sum of the then current values of the remaining scheduled payments of principal and interest (not including any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date) discounted to the Make-whole Redemption Date on an annual basis (based on the actual number of days elapsed divided by 365 or (in the case of a leap year) by 366) at the Reference Rate (as defined below) plus 0.19 per cent.,

plus, in each case (a) or (b) above, any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date.

The Reference Rate will be published by the Issuer in accordance with Condition 10.

The Reference Rate is the average of the four quotations given by the Reference Dealers of the mid-market annual yield of the Reference Bund on the fourth Business Day preceding the Make-whole Redemption Date at 11.00 a.m. (Central European Time ("**CET**").

If the Reference Bund is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 10.

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent or if the Calculation Agent fails duly to establish the amount due in relation to this Condition 5(c), the Issuer shall appoint some other leading bank engaged in the Euro interbank market (acting through its principal Euro-zone office) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

(d) *Redemption at the option of Bondholders following a Change of Control*

If at any time while any Bond remains outstanding, there occurs (i) a Change of Control and (ii) within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (a “**Put Event**”), the holder of such Bond will have the option (the “**Put Option**”) (unless, prior to the giving of the Put Event Notice, the Issuer gives notice of its intention to redeem the Bonds under Condition 5(b) (Redemption for taxation reasons)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Bond, on the Optional Redemption Date at its principal amount together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date.

A “**Change of Control**” shall be deemed to have occurred each time that a Third Party (as defined below), acting alone or in concert with other Third Parties come(s) to own or acquire(s) directly or indirectly such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights exercisable at a general meeting of the Issuer.

which is 120 calendar days after the date of the first public announcement of the relevant Change of Control.

A “**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period, the rating previously assigned to the Bonds by any Rating Agency (as defined below) is (i) withdrawn or (ii) changed from an investment grade rating (BBB-, or its equivalent for the time being, or better) to a non-investment grade rating (BB+, or its equivalent for the time being, or worse) or (iii) if the rating previously assigned to the Bonds by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch (for example, from BB+ to BB; or their respective equivalents), provided that, (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control, as if the case may be, if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction or withdrawal was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control, as the case may be and (ii) any Rating Downgrade must have been confirmed in a letter or other form of written communication sent to the Issuer and publically disclosed.

To exercise the Put Option to require redemption or, as the case may be, purchase of the Bonds following a Put Event, a Bondholder must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer within the period (the “**Put Period**”) of 45 calendar days after the Put Event Notice is given together with a duly signed and completed notice of exercise (a “**Put Option Notice**”) and in which the holder may specify a bank account to which payment is to be made under this Condition 5(d).

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Bonds in respect of which the Put Option has been validly exercised as provided above and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer, on the date which is the fifth business day following the end of the Put Period (the “**Optional Redemption Date**”). Payment in respect of such Bonds will be made on the Optional Redemption Date by transfer to the bank account specified in the Put Option Notice and otherwise subject to the provisions of Condition 6.

For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection with such Bondholder’s exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

6 Payments

(a) *Method of Payment*

Payments of principal and interest in respect of the Bonds will be made in Euro by credit or transfer to a Euro-denominated account (or any other account to which Euro may be credited or transferred) specified by the payee in a city in which banks have access to the TARGET System. “**TARGET System**” means the Trans European Automated Real Time Gross Settlement Express Transfer (known as TARGET2) System or any successor thereto.

Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments validly made to such Account Holders in favour of the Bondholders will be an effective discharge of the Issuer and the Paying Agents, as the case may be, in respect of such payments.

- (ii) in the event of default by the Issuer in the due performance of any provision of the Bonds other than as referred in Condition 8(i) above and such default shall not have been cured within 30 calendar days after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 9); or
- (iii) any other present or future indebtedness of the Issuer or any of its Material Subsidiaries (as defined in Condition 3(c)) for borrowed monies in excess of Euro 20,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable (*exigible*) prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer or any of its Material Subsidiaries for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon unless the Issuer or such Material Subsidiary, as the case may be, has disputed in good faith that such borrowed money is due or such guarantee or indemnity is callable, and such dispute has been submitted to a competent court in which case such event shall not constitute an event of default hereunder so long as the dispute has not been finally adjudicated; or
- (iv) a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) or substantially the whole of the business of the Issuer; or any of its Material Subsidiaries or, to the extent permitted by law, the Issuer or any of its Material Subsidiaries is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any of its Material Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors;
- (v) if the Issuer is wound up or dissolved or ceases to carry on all or substantially all of its business except (i) in connection with a merger, consolidation, amalgamation or other form of reorganisation (including a management buy-out or leveraged buy-out) pursuant to which the surviving entity shall be the transferee of or successor to all or substantially all of the business of the Issuer and assumes all of the obligations of the Issuer with respect to the Bonds or (ii) on such other terms approved by a resolution of the General Meeting of Bondholders; or
- (vi) if any of the Issuer's Material Subsidiaries is wound up or dissolved or ceases to carry on all or substantially all of its business,

then the Representative upon request of any Bondholder shall, by written notice to the Issuer and the Fiscal Agent given before all continuing Events of Default shall have been cured, cause all the Bonds (but not some only) held by such Bondholder to become immediately due and payable as of the date on which such notice for payment is received by the Fiscal Agent without further formality at the principal amount of the Bonds together with any accrued interest thereon.

9 Representation of the Bondholders

Bondholders will be grouped automatically for the defence of their common interests in a single *masse* with the holders of the Existing Bonds (the "**Masse**"). The Masse will be governed by the provisions of the French *Code de commerce*, and with the exception of Articles L.228-48, L.228-59, L.228-65 I 1°, L.228-65 II, R.228-63, R.228-67 and R.228-69, subject to the following provisions:

- (a) **Legal Personality:** The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through a general meeting of the Bondholders (the "**General Meeting**").

The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Bonds.

- (b) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:
- (i) the Issuer, the members of its Board of Directors (*conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
 - (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or
 - (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
 - (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as Representative of the Masse:

Pierre Jond
9 rue du Débarcadère
93500 Pantin

The following person is designated as alternate Representative of the Masse:

Sylvain Thomazo
9 rue du Débarcadère
93500 Pantin

The Representative and alternate Representative shall be entitled to an annual remuneration of Euro 600.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

- (c) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them, must be brought by or against the Representative and any such legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

- (d) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed

agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 10 not less than 15 calendar days prior to the date of such General Meeting on first call and not less than 6 calendar days on second call.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

- (e) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, any proposal relating to the issue of securities carrying a right of preference compared to the right of the Bondholders, any proposal relating to the total or partial renunciation to the guarantees granted to Bondholders, the extension of the due date for payment of the interest and the alteration of the terms of repayment or the interest rate, or any proposal relating to a merger or a split-off of the Issuer (in cases specified in Articles L.236-1 and L.236-18 of the Code). However, it is specified that the General Meeting may not increase the liabilities (*charges*) to Bondholders, nor establish any unequal treatment between the Bondholders, nor decide to convert Bonds into shares.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

- (f) **Information to Bondholders:** Each Bondholder or Representative thereof will have the right, during the 15 calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Bondholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.
- (g) **Expenses:** The Issuer will pay all reasonable expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Bonds.

- (h) **Notice of Decisions:** Decisions of the meetings shall be published in accordance with the provisions set out in Condition 10 not more than 90 calendar days from the date thereof.

10 Notices

Any notice to the Bondholders will be valid if delivered to the Bondholders through Euroclear France, Euroclear or Clearstream, Luxembourg, for so long as the Bonds are cleared through such clearing systems and published in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement général*) of the AMF and on the website of the Issuer (www.mercialys.fr). Any such notice shall be deemed to have been given on the date of such delivery or, if delivered more than once or on different dates, on the first date on which such delivery is made.

11 Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed five years (in the case of principal or interest) from the due date for payment thereof.

12 Further Issues

The Issuer may, from time to time without the consent of the Bondholders, issue further bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

13 Governing Law and Jurisdiction

The Bonds and any non contractual obligation arising out of or in connection with the Bonds are governed by the laws of France.

Any claim against the Issuer in connection with any Bonds may be brought before any competent court in Paris.

USE OF PROCEEDS

The net proceeds from the issue of the Bonds will be used for general corporate purposes.

DESCRIPTION OF THE ISSUER

The description of the Issuer and its activities is set out in the 2014 Reference Document and the 2015 Interim Financial Report of the Issuer incorporated by reference herein (see “Documents Incorporated by Reference”, on pages 10 to 12 of this Prospectus).

MERCIALYS

PRESS RELEASE

Paris, October 12, 2015

Activity at end-September 2015

Robust organic growth of +3.4% in invoiced rents excluding indexation

Successful letting policy and  new identity rolled out, enabling Mercialys centers to continue outperforming

Rental revenues up +8.1% to Euro 123.8 million at end-September

Eric Le Gentil, Chairman and Chief Executive Officer of Mercialys, commented: *“Our organic growth has remained high, with +3.4% excluding indexation at the end of September, highlighting Mercialys' ability to renew its assets' potential, through its strategy for innovation and through their increased appeal for retailers.*

Mercialys' shopping centers have continued to outperform the national indexes in terms of both footfall and retailer sales growth. This dynamic development has been maintained thanks to the letting success achieved with national and international mid-size retailers, as well as the sustained development of the Casual Leasing business. Alongside this, the positive impacts of the new identity's rapid deployment can already be seen in the increased footfall levels.

The full-year target for organic growth of over +2% in invoiced rents excluding indexation for 2015 therefore appears cautious”.

I. Change in rental revenues

Organic growth in invoiced rents remained high through to end-September 2015

Like-for-like invoiced rents at September 30, 2015 came in **+3.3%** higher than September 30, 2014, with **+3.4%** growth excluding the impact of a slightly negative level of indexation, reflecting the outstanding operational performances achieved.

Rental revenues came to **Euro 123.8 million** at September 30, 2015, up +8.1% from the end of September 2014

(In thousands of euros)	Year to end-September 2014	Year to end-September 2015	Change (%)	Like-for-like change (%)
Invoiced rents	111,469	121,394	+8.9%	+3.3%
Lease rights	2,991	2,377		
Rental revenues	114,460	123,771	+8.1%	

MERCIALYS

The change in invoiced rents primarily reflects the following factors:

- Continued robust organic growth in invoiced rents: **+3.3 points**,
- Acquisitions in 2014 and 2015: **+15.4 points**,
- Impact of assets sold in 2014: **-8.7 points**,
- Other effects, primarily including strategic vacancies on current redevelopment programs: **-1.0 points**.

Like-for-like, invoiced rents are up **+3.3%**, mainly including:

- +2.6%** for actions carried out on the portfolio, particularly renewals and relettings,
- +0.8%** for the development of the Casual Leasing business, in line with expectations for the full year, taking into account the seasonality effect,
- 0.1%** for indexation.

Lease rights and despecialization indemnities received over the period¹ came to Euro 0.9 million, compared with Euro 1.2 million at end-September 2014. After factoring in the deferrals required under IFRS, lease rights at September 30, 2015 represent Euro 2.4 million, compared with Euro 3.0 million at September 30, 2014.

II. Successful letting policy and new identity rolled out, enabling Mercialys sites to continue outperforming

Mercialys' shopping centers have continued to outperform the sector in France in terms of both footfall and retailer sales growth.

- For the year to end-August 2015, the **sales figures for retailers** in Mercialys centers² are up +4.4%, compared with +0.3% growth for the shopping center market (CNCC³).
- **Footfall in Mercialys shopping centers** has continued to progress, up +2.4% for the year to end-August 2015, while the market's overall footfall (CNCC⁴) is down -0.7% for the period.

The rapid deployment of the new cross-business  brand, currently covering half of Mercialys' portfolio, has already had a positive impact on the sites that have benefited from it, in terms of both footfall levels and buy-in among retailers and customers.

III. Dividend

As in 2014, and subject to approval by its Board of Directors, Mercialys will be paying out an interim dividend during the fourth quarter of 2015. The amount and date of this interim dividend will be determined based on sales and investment operations for the full year and not just the first six months.

¹ Lease rights received as cash before the impact of deferrals required under IFRS (deferring of lease rights over the firm period of leases)

² Mercialys' large centers and main market-leading local-format centers based on a constant surface area

³ CNCC index – all centers, comparable scope – year to end-August 2015

⁴ CNCC index – all centers, excluding the impact of Primark – year to end-August 2015

IV. Governance: Mercialys receives further recognition for its representation of women

In 2014, the French secretariat for women's rights ranked Mercialys third out of the entire SBF 120 for its levels of women in executive positions.

In October 2015, the French Ministry of Social Affairs, Health and Women's Rights acknowledged Mercialys' commitment to developing the representation of women within its teams, praising the position of women within the company's organization as well as at Board level. In this way, Mercialys is the top-ranking company on the SBF 120 for gender equality in its leadership team.

TAXATION

The statements herein regarding taxation are based on the laws in force in the European Union and the Republic of France as of the date of this Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of, the Bonds. Each prospective holder or beneficial owner of Bonds should consult its tax advisor as to the tax consequences of any investment in, or ownership and disposition of, the Bonds.

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”), Member States are required, subject to certain conditions to be met, to provide to the tax authorities of other Member States details of certain payments of interest or similar income made by a paying agent located within their jurisdiction to, or for the benefit of, an individual resident in that other Member State or certain limited types of entities established in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term "paying agent" is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals or certain entities.

However, for a transitional period, instead of using the Disclosure of Information Method used by other Member States, Austria is required (unless during that period the relevant beneficial owner elects for the Disclosure of Information Method) to operate a withholding system in relation to such payments. The rate of such withholding tax is currently 35%.

A number of non-EU countries and territories including Switzerland have adopted similar measures (Disclosure of Information Method or withholding system).

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on April 18, 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive.

The Council of the European Union has adopted Council Directive 2011/16/EU on administrative cooperation in the field of taxation (as amended by Council Directive 2014/107/EU), pursuant to which Member States will generally be required to apply new measures on mandatory automatic exchange of information from January 1, 2016.

In order to avoid overlap between the Savings Directive, and the Council Directive 2011/16/EU (as amended), the Council of the European Union adopted Directive 2015/2060 on 10 November 2015 repealing the Savings Directive from January 1, 2016 (January 1, 2017 in the case of Austria) (in each case subject to transitional arrangements). The recitals to the Directive also provide that EU Member States will not be required to implement Council Directive 2014/48/EU which would, if implemented, have amended the Savings Directive.

On 27 May 2015, the European Union and Switzerland signed a protocol amending their existing savings agreement and transforming it into an agreement on automatic exchange of financial account information based on the OECD global standard, to enter into effect as from 1 January 2017.

The European Commission is currently in negotiations with Andorra, Liechtenstein, Monaco and San Marino to update their respective savings agreements in line with developments at European Union and international level, along the lines of the revised EU-Switzerland agreement.

Investors should inform themselves of, and where appropriate, take advice on, the impact of the Savings Directive on their investment in the Bonds.

French Taxation

The following is an overview addressing certain withholding tax considerations in France relating to the holding of the Bonds. This summary is based on the tax laws and regulations of France, as currently in force and applied by the French tax authorities, all of which are subject to change or to different interpretation. This summary is for general information and does not purport to address all French tax considerations that may be relevant to specific Bondholders in light of their particular situation. Persons considering the purchase of Bonds should consult their own tax advisers as to French tax considerations relating to the purchase, ownership and disposition of Bonds in light of their particular situation.

Savings Directive

The Directive 2003/48/EC has been implemented in French law by Article 242 ter of the French *Code général des impôts* and Articles 49 I ter to 49 I sexies of the Schedule III to French *Code général des impôts*, which impose on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding Tax

The following may be relevant to holders of Bonds who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”). If such payments under the Bonds are made in a Non-Cooperative State, a 75 % withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Bonds are not deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid on a bank account opened in a financial institution located in such a Non-Cooperative State (the “*Deductibility Exclusion*”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French *Code général des impôts*, at a rate of 30 % or 75 %, subject to the more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75 % withholding tax nor, to the extent the relevant interest or other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion will apply in respect of a particular issue of the Bonds if the Issuer can prove that the principal purpose and effect of such issue of Bonds were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the French tax administrative guidelines, the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 n°550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211 n°70 and BOI-IR-DOMIC-10-20-20-60-20150320 n°10, an issue of Bonds will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of the Bonds if such Bonds are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Since the Bonds will be admitted, at the time of their issue, to the operations of Euroclear France, the Bonds will benefit from the Exception and are therefore exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*. In addition, they will be subject neither to the non-deductibility set out under Article 238 A of the French *Code général des impôts* nor to the withholding tax set out under Article 119 *bis* 2 of the same *Code* solely on account of their being paid to a bank account opened in a financial institution located in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments made to individuals who are fiscally domiciled in France

Pursuant to Article 125 A of the French *Code général des impôts*, subject to certain limited exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24 % withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 % on interest and other similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

All prospective Bondholders should seek independent advice as to their tax positions.
