€300,000,000 4.000 per cent. Bonds due 10 September 2031

Issue Price: 99.396 per cent. of the aggregate principal amount of the Bonds

This document (including documents incorporated by reference) constitutes a prospectus (the “**Prospectus**”) for the purposes of the Regulation (EU) 2017/1129 (as amended, the “**Prospectus Regulation**”).

The €300,000,000 4.000 per cent. Bonds due 10 September 2031 (the “**Bonds**”) of Mercialys (the “**Issuer**” or the “**Company**”) will be issued on 10 September 2024 (the “**Issue Date**”) and will mature on 10 September 2031 (the “**Maturity Date**”).

Interest on the Bonds will accrue at the rate of 4.000 per cent. *per annum* from, and including, the Issue Date and will be payable in Euro annually in arrear on 10 September in each year, commencing on 10 September 2025.

Unless previously purchased and cancelled in accordance with the terms and conditions of the Bonds, the Bonds may not be redeemed prior to the Maturity Date except as described hereafter. The Bonds may, and in certain circumstances shall, be redeemed, in whole but not in part, at their principal amount together with accrued interest in the event that certain French taxes are imposed (See “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption for Taxation Reasons*”). The Issuer may, at its option, redeem the outstanding Bonds (i) in whole or in part, from (and including) 10 June 2031 to (but excluding) the Maturity Date, on any such date, at their principal amount together with accrued interest, as described under “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the option of the Issuer – Pre-Maturity Call Option*”, (ii) in whole or in part, at any time prior to 10 June 2031 and in accordance with the provisions set out in “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the option of the Issuer – Make-whole Redemption by the Issuer*” and (iii) in whole but not in part, in the event that 75 per cent. or more of the initial aggregate principal amount of the Bonds has been redeemed or purchases (and subsequently cancelled) by the Issuer and in accordance with the provisions set out in “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the option of the Issuer – Clean-Up Call Option*”.

Following a Change of Control and if a Put Event occurs, each Bondholder will have the option to require the Issuer to redeem or repurchase all or part of the Bonds held by such Bondholder on the Optional Redemption Date at their principal amount together with interest accrued up to but excluding such date of redemption or repurchase all as defined and more fully described in “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the option of Bondholders following a Change of Control*”.

The Bonds will, upon issue on 10 September 2024, be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in “*Terms and Conditions of the Bonds – Form, Denomination and Title*”) including Euroclear Bank SA/NV (“**Euroclear**”) and the depositary bank for Clearstream Banking S.A. (“**Clearstream**”).

The Bonds will be issued in dematerialised bearer form in the denomination of €100,000 each. Bonds may be held in registered or bearer form, at the option of the Bondholder. Title to the Bonds will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

This Prospectus has been approved by the French *Autorité des marchés financiers* (the “**AMF**”) in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Bonds that are the subject of this Prospectus and investors should make their own assessment as to the suitability of investing in the Bonds.

Application has also been made to Euronext Paris for the Bonds to be admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities and Markets Authority (the “**ESMA**”).

This Prospectus will be valid until the date of admission of the Bonds to trading on Euronext Paris, which is expected to be on the Issue Date. The obligation to supplement the Prospectus in the event of significant new factors, material mistakes or material inaccuracies will not apply when the Prospectus is no longer valid.

The Bonds have been assigned a rating of BBB by S&P Global Ratings Europe Limited (“**S&P**”). The long-term debt of the Issuer has been assigned a rating of BBB (stable outlook) by S&P. A rating is not a recommendation to buy, sell or hold Bonds and may be subject to revision, suspension, reduction or withdrawal at any time by the relevant rating agency. The credit ratings included or referred to in this Prospectus have been issued by S&P, which is established in the European Union and registered under Regulation (EC) No. 1060/2009 on credit ratings agencies, as amended (the “**CRA Regulation**”), and included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) as of the date of this Prospectus.

Prospective investors should have regard to all the information contained or incorporated by reference in this Prospectus and, in particular, the risk factors described in the Section headed “Risk Factors” in this Prospectus.

Copies of this Prospectus and the documents incorporated by reference will be published on the websites of the Issuer (<https://www.mercialys.fr>) and, save for the 2024 Half-Year Report, the AMF (www.amf-france.org).

This Prospectus constitutes a prospectus for the purposes of Article 6 of the Prospectus Regulation and has been prepared for the purpose of giving information with regard to the Issuer, the Issuer and its consolidated subsidiaries and affiliates taken as a whole (the “Group”) and the Bonds which is necessary to enable investors for making an informed assessment of the assets and liabilities, profits and losses, financial position, and prospects of the Issuer and the Group, the rights attaching to the Bonds and the reason for the issuance and its impact on the Issuer.

This Prospectus is to be read in conjunction with all the documents which are incorporated herein by reference.

No person is authorised to give any information or to make any representation not contained in this Prospectus and any information or representation not so contained must not be relied upon as having been authorised by or on behalf of the Issuer or the Joint Bookrunners. Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that the information contained in it or any other information supplied in connection with the Bonds is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

To the extent permitted by law, each of the Joint Bookrunners accepts no responsibility whatsoever for the content of this Prospectus or for any other statement in connection with the Issuer.

The Joint Bookrunners have not verified the information contained in this Prospectus in connection with the Issuer. None of the Joint Bookrunners makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Prospectus in connection with the Issuer. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer and the Joint Bookrunners that any recipient of this Prospectus or any other financial statements should purchase the Bonds. Each potential purchaser of Bonds should determine for itself the relevance of the information contained in this Prospectus and its purchase of Bonds should be based upon such investigation as it deems necessary. None of the Joint Bookrunners undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Bonds of any information coming to the attention of the Joint Bookrunners.

Potential conflicts of interest

The Joint Bookrunners and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. The Joint Bookrunners and their affiliates may have positions, deal or make markets in the Bonds, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Joint Bookrunners and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. The Joint Bookrunners or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, the Joint Bookrunners and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds. The Joint Bookrunners and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Investment considerations

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks;
- (vi) consult their legal advisers in relation to possible legal, tax, accounting, regulatory and related aspects of any investment in the Bonds.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase, sale or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

Certain selling restrictions

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Joint Bookrunners (as defined in "Subscription and Sale" below) to subscribe or purchase, any of the Bonds. The distribution of this Prospectus and the offering of the Bonds in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Joint Bookrunners to inform themselves about and to observe any such restrictions. The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"). Subject to certain exceptions, the Bonds may not be offered or sold within the United States or to, or of the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (the "**Regulation S**")). For a description of certain restrictions on offers and sales of Bonds and on distribution of this Prospectus, see "Subscription and Sale".

IMPORTANT – PRIIPS REGULATION – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "**EEA**"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, the "**MiFID II**") or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

IMPORTANT – UK PRIIPS REGULATION – PROHIBITION OF SALES TO UNITED KINGDOM RETAIL INVESTORS – The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article

2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “EUWA”); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Any person subsequently offering, selling or recommending the Bonds (a “distributor”) should take into consideration the manufacturers’ type of clients assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers’ type of clients assessment) and determining appropriate distribution channels.

Any person subsequently offering, selling or recommending the Bonds (a “UK Distributor”) should take into consideration the manufacturers’ target market assessment; however, a UK Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Bonds are also described below. The Issuer believes that the factors described below represent the risks inherent in investing in the Bonds, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Bonds for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Bonds are exhaustive. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus (including any document incorporated by reference herein) and reach their own views prior to making any investment decision.

The terms defined in “Terms and Conditions of the Bonds” shall have the same meaning when used below.

1. RISKS FACTORS RELATED TO THE ISSUER

The risks relating to the Issuer and its activities are set out in section 5.2 on pages 327 to 340 of the 2023 Universal Registration Document (as defined in Section “Documents incorporated by Reference”) which are incorporated by reference in this Prospectus.

2. RISKS FACTORS RELATED TO THE BONDS

2.1 Risks related to the particular structure of the Bonds

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Bonds due to any withholding as provided in Condition 5(b) (*Redemption for Taxation Reasons*) of the Terms and Conditions of the Bonds, the Issuer may redeem all outstanding Bonds in accordance with such Condition.

In addition, the Issuer has the option to (i) from and including 10 June 2031 to but excluding the Maturity Date, redeem the Bonds outstanding on any such date, in whole or in part, at their principal amount together with accrued interest, as provided in Condition 5(c)(i) (*Pre-Maturity Call Option*), and (ii) redeem, in whole or in part, the then outstanding Bonds at any time prior to the Pre-Maturity Call Option Date, at the relevant make-whole call redemption amount together with accrued interest, as provided in Condition 5(c)(ii) (*Make-whole Redemption by the Issuer*).

Furthermore, if seventy-five (75) per cent. or more in initial aggregate principal amount of the Bonds (including any Bonds assimilated to the Bonds issued pursuant to Condition 12 (*Further Issues*) of the Terms and Conditions of the Bonds) have been redeemed or purchased and cancelled, the Issuer will have the option to redeem all (but not in part) of the outstanding Bonds at their principal amount together with accrued interest as provided in Condition 5(c)(iii) (*Clean-Up Call Option*). There is no obligation for the Issuer to inform investors if and when this percentage has been reached or is about to be reached, and the Issuer’s right to redeem the Bonds will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Bonds may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

If the market interest rates decrease, the risk to Bondholders that the Issuer will exercise its right of early redemption increases. As a consequence, the yields received upon such early redemption may be lower than expected, and the redeemed face amount of the Bonds may be lower than the purchase price paid for such Bonds by the Bondholder where the purchase price was above par and/or lower than the then prevailing market price of the Bonds. As a consequence, part of the capital invested by the Bondholder may be lost, so that the Bondholder in such case would not receive the total amount of the capital invested. However, the redeemed face amount of the Bonds may not be below par. In addition, Bondholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than such redeemed Bonds.

In addition, a partial redemption of the Bonds pursuant to Conditions 5(c)(i) (*Pre-Maturity Call Option*) and 5(c)(ii) (*Make-whole Redemption by the Issuer*) of the Terms and Conditions of the Bonds may also adversely affect liquidity for the remaining outstanding Bonds depending on the number of Bonds in respect of which such partial redemption is exercised.

Moreover, with respect to the redemption at the option of the Issuer at the relevant Make-whole Redemption Amount pursuant to Condition 5(c)(ii) (*Make-whole Redemption by the Issuer*) of the Terms and Conditions of the Bonds, the notice to be delivered by the Issuer to the Noteholders pursuant to such Condition shall specify any refinancing conditions to which the redemption may be subject and may in such case cause the notice to be revocable. Therefore, although notice is given in accordance with the provisions of Condition 5(c)(ii) (*Make-whole Redemption by the Issuer*) of the Terms and Conditions of the Bonds, such notice may be revoked by the Issuer in the event that any such financing condition has not been satisfied, in which case the redemption at the relevant Make-whole Redemption Amount pursuant to such Condition will not occur.

Exercise of Put Option in respect of certain Bonds following a Change of Control of the Issuer may affect the liquidity of the Bonds in respect of which such Put Option is not exercised

Upon the occurrence of a Put Event following a Change of Control of the Issuer (as more fully described in Condition 5(d) (*Redemption at the option of Bondholders following a Change of Control*) of the Terms and Conditions of the Bonds), each holder of a Bond will have the right to request the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Bond at its principal amount together with any accrued interest.

Depending on the number of Bonds in respect of which the Put Option is exercised, any trading market in respect of those Bonds in respect of which such option is not exercised may become illiquid. Therefore, Bondholders not having exercised their put options may not be able to sell their Bonds on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Bonds, which may have a negative impact on the Bondholders and reduce the profits anticipated by them at the time of the issue. In addition, Bondholders may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Bonds.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Bonds may affect the liquidity of the Bonds which have not been so purchased

Depending on the number of Bonds purchased by the Issuer as provided in Condition 5(e) (*Purchases*) of the Terms and Conditions of the Bonds, any trading market in respect of the Bonds that have not been so purchased may become illiquid.

Therefore, Bondholders still holding the Bonds after such purchase(s) may not be able to sell their Bonds on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Bonds, which may have a negative impact on the Bondholders and reduce the profits anticipated by the investors at the time of the issue.

2.2 Risks for the Bondholders as creditors of the Issuer

Credit risk of the Issuer

Credit risk refers to the risk that the Issuer may be unable to meet its financial obligations under the Bonds. An investment in the Bonds involves taking credit risk on the Issuer. The Issuer is currently rated for its long-term debt BBB (stable outlook) by S&P. As contemplated in Condition 2 (*Status of the Bonds*) of the Terms and Conditions of the Bonds, the obligations of the Issuer in respect of the Bonds and any interest payable under the Bonds constitute direct, unconditional, unsubordinated and (subject to Condition 3(a) (*Negative Pledge*) of the Terms and Conditions of the Bonds) unsecured obligations of the Issuer. Bondholders are exposed to a higher credit risk than any creditors that may benefit from security interests from the Issuer. If the creditworthiness of the Issuer deteriorates and notwithstanding Condition 8 (*Events of Default*) of the Terms and Conditions of the Bonds which enable the Bondholders to request through the Representative of the Masse the redemption of the Bonds, it may not be able to fulfil all or part of its payment obligations under the Bonds, which could materially and negatively impact the Bondholders who may lose all or part of their investment.

French insolvency law

As a *société anonyme* incorporated in France, French insolvency laws apply to the Issuer. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *ordonnance* amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *ordonnance*, “affected parties” (including notably, creditors, and therefore the Bondholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Bondholders will not deliberate on the proposed restructuring plan in a separate assembly, meaning that they will not benefit from a specific veto power on this plan. Instead, as any other affected parties, the Bondholders are grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Bonds issued by the Issuer. Any decisions taken by a class of affected parties could materially and negatively impact the Bondholders and cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Modification and waivers

Condition 9 (*Representation of the Bondholders*) of the Terms and Conditions of the Bonds contains provisions for calling meetings of Bondholders to consider matters affecting their interests generally to be adopted either through a General Meeting or following a Written Consultation. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant General Meeting, or did not consent to the Written Consultation, or Bondholders who voted in a manner contrary to the majority. General Meetings or Written Consultations may deliberate on proposals relating to the modification of the Conditions of the Bonds subject to the limitation provided by French law. If a decision is adopted by a majority of Bondholders and such modifications were to impair or limit the rights of the Bondholders, this may have a negative impact on the market value of the Bonds and hence Bondholders may lose part of their investment.

By exception to the above provisions, Condition 9(j) (*Exclusion of certain provisions of the French Code de Commerce*) provides that (i) the provisions of Article L.228-65 I. 1° and 4° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of the Bondholders of any change in corporate purpose or form of the Issuer or of an issue of bonds benefiting from a security (*sûreté réelle*) which does not benefit to the *Masse*) and the related provisions of the French *Code de commerce* shall not apply to the Bonds and (ii) the provisions of Article L.228-65 I. 3° of the French *Code de commerce* (providing for a prior approval of the Bondholders in relation to any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French *Code de commerce*) shall not apply to the Bonds only to the extent that such proposal relates to a merger or demerger with another entity controlled by the Issuer. As a result of these exclusions, the prior approval of the Bondholders will not have to be obtained on any such matters which may affect their interests generally.

2.3 Risks related to the market

Market value of the Bonds

The market value of the Bonds will be influenced by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, market interest and yield rates and the time remaining to the Maturity Date.

The Bonds have been rated BBB by S&P and the Issuer is currently rated for its long-term debt BBB (stable outlook) by S&P. Any negative change in such credit rating could negatively affect the trading price for the Bonds and hence Bondholders may lose part of their investment.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a holder of Bonds will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. If the Issuer's credit quality deteriorates, the value of the Bonds may also fall and Bondholders selling their Bonds prior to the Maturity Date may receive significantly less than the total amount of capital invested.

Risks relating to the secondary market for the Bonds

Application has been made to Euronext Paris for the Bonds to be admitted to trading on Euronext Paris. However, the Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. When the Bonds are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although this Prospectus has been approved by the *Autorité des marchés financiers* in France and application has been made for the Bonds to be admitted to trading on Euronext Paris, such filings may not be accepted, the Bonds may not be so admitted and an active trading market may not develop. The absence of liquidity may have a significant material adverse effect on the value of the Bonds.

The development or continued liquidity of any secondary market for the Bonds will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer and/or the Group, the outstanding amount of the Bonds, any redemption features of the Bonds as specified in Condition 5 (*Redemption and Purchase*) of the Terms and Conditions of the Bonds and the level, direction and volatility of interest rates generally. Such factors also will negatively affect the market value of the Bonds. In particular, the bonds market for a *société foncière* such as the Issuer is narrow compared to other types of issuers and investors traditionally carry out very few transactions in this type of security. A Bondholder may not be able to resell its Bonds without incurring a significant discount from the nominal value of the Bonds.

The yield of the Bonds as at the Issue Date is 4.101 per cent. *per annum*. However, Bondholders may not be able to sell their Bonds in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Hence, the investors may receive a lower yield than anticipated at the time of the issue.

Interest rate risks

As provided in Condition 4 (*Interest*) of the Terms and Conditions of the Bonds, the Bonds bear interest at a fixed rate of 4.000 per cent. *per annum*, payable annually in arrears on 10 September in each year commencing on 10 September 2025. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value and yield of the Bonds and Bondholders may receive lower return on the Bonds than anticipated at the time of the issue.

Generally, prices of fixed interest rate notes tend to fall when market interest rates rise and accordingly are subject to volatility. Therefore, the price of the Bonds at any particular time may be lower than the purchase price for the Bonds paid by the Bondholders and may cause Bondholders to lose a portion of the capital invested if they decide to sell the Bonds.

having to pay additional amounts as specified in Condition 7 below, the Issuer may on any Interest Payment Date, subject to having given not more than 45 nor less than 30 calendar days' prior notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 10, redeem all, but not some only, of the outstanding Bonds at an amount per Bond equal to the Principal Amount on such Interest Payment Date provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding for French taxes.

- (ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law or regulation from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days' prior notice to the Bondholders in accordance with Condition 10 redeem all, but not some only, of the Bonds then outstanding at an amount per Bond equal to the Principal Amount on the date fixed for redemption together with any accrued interest to, but excluding, the date fixed for redemption, on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds without withholding for French taxes, or, if such date is past, as soon as practicable thereafter.

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Bonds in respect of which the Put Option has been validly exercised as provided above and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer, on the date which is the fifth business day following the end of the Put Period (the “**Optional Redemption Date**”). On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two third majority of votes cast by Bondholders attending such General Meetings or represented thereat.
