

MERCIALYS WINS A CNCC AWARD AT THE 2015 SIEC CONVENTION

Mercialys was awarded the CNCC's* 2014 award for best renovation/extension project for the Espace Anjou shopping center in Angers at the 2015 SIEC retail real estate convention.**

This award highlights the work of all of Mercialys' teams and attests to the quality and originality of the steps taken by the company in terms of retail renovation projects. This elegant renovation project in the colors of the local region has been popular with shoppers since the extension opened in 2014 and is now being recognized by the profession.

Espace Anjou is one of Mercialys' flagship shopping centers with 120 stores, perfectly illustrating its winning strategy of making its shopping centers "one-stop" retail venues that stand out from the crowd, ever-evolving and in harmony with the local ecosystem. The center also fits in with the company's policy of environmental excellence and in December 2014 obtained BREEAM In-Use certification with a rating of "Excellent" for the intrinsic quality of the building and "Outstanding" for its management.

The transformation of Espace Anjou is not yet fully complete. In a few weeks, the center will be dressed in red and white and will become  LA GALERIE ESPACE ANJOU, adopting the new  LA GALERIE concept currently being rolled out across Mercialys' entire portfolio.
